From your Editor...

Hiya Guys!

First off, let me assure all you eagle eyed subscribers that you haven't missed issue number 31 - it's simply that we sent the wrong cover artwork to the printers and most of the magazine was printed before we noticed the mistake!

So, we'll be carrying on from this edition, and the next one will be issue 33.

You may have noticed that security in clubs has been tightened recently, and I think this is a good thing. This is certainly true of our own 3I Club, although the changes have been minimal due to our already strict door policy. The member's seem to appreciate the assurance this gives them, knowing that people can't just walk in off the street!

Talking about the 3I Club, although there is no dress code we do like to encourage the member's to change into their favourite kit - *uniforms, rubber, leather etc.* - so we're having the occasional 'spot prize' of £25 for the best outfit.

We received a really good account of one element of a slave's punishment, and we've included it in this issue. The Master who sent it in included the original hand-written draft with the final printed copy - and when you read the account you'll understand why the original was so hard to read! Apparently the Master ordered the slave to type it into the word processor before sending it to us. The reason I mention this is that a few guys send in hand-written stories (*that are potentially really good*) but take an awful long time to decipher! The ideal way to submit stories to us - or any other publication - is 10 point double spaced on A4 paper. That way, we can scan the story into our magical computer and re-set it for the magazine without doing any of the typing!

We've also received some great pictures from our readers, so we'll soon be able to put a 'readers pictures' edition together. When sending pictures, please be sure and write your details clearly on the back so we can send 'em back.

Videos ... videos ... *oh dear!* We're constantly asked if we can supply videos on the subject of our scene, and unfortunately the answer is no. We also hear terrible stories about guys sending off lot's of hard earned dosh to European companies and getting nothing in return. Of course not all these continental companies are rip-off merchants, but if you do send money *just look on it as a bit of a gamble and be prepared to lose!* Our e.mail seems to be working fine now, so if you're a high techie and want to send us letters, stories or comments the address is baz@dial.pipex.com and our fax number is 0208 534 2200.

The MeetLine has been really busy lately, and with the holiday period fast approaching it's gonna get even busier. For those of you who don't know about it, this is the only 'phone contact service in the UK exclusively for guys on the scene - you won't be cruising through a load of vanilla messages! By the time you get to read this we'll have set up a special new category for guys who want to get together over the holidays. Check this out further in this issue.

Well, that's about it for now.

Chris

You Write ...

Dear Chris

Thanks for your advice - here's the letter I promised you, this one can be published if you want, as it might inspire your readers. As you know, I've been a top guy ever since I started on the scene. I know most blokes start as a sub and then progress, but I honestly never felt the desire for this when I first started out. I've got quite a good reputation as a top, collecting a regular stable of subs over the past few years. They all seem to enjoy reporting to me, and I've trained them to satisfy me.

Just recently I've had the desire to 'try the other side', this urge getting stronger when a slave was sucking me off. The fantasy would grow stronger and stronger and much wilder the closer I came to my orgasm. Once I'd come though, the urge went away, and I didn't feel completely satisfied like I usually do after a session. This started happening more and more often, which is why I contacted you for advice and told you all my 'secrets' about my fantasies.

Well I took one of your ideas to heart, but somehow couldn't pluck up the courage to act on it for a while. That in itself seemed odd as I'm usually quite a forceful kind of bloke and never considered myself shy.

As I told you, I didn't just want punishment by itself (though I did fantasise about this bit of the scene a lot) I also wanted humiliation and as near as possible real servitude. Well as you've probably guessed by now I finally took the plunge by phoning up Duncan, one of my more slender and young slaves, thinking that if I asked him to change roles he wouldn't put me through too much to start with. Strangely enough he

didn't seem very surprised. I explained to this lad that I didn't want him to do what I did to him as a top guy, but that he should use me for his own pleasure, doing what he wanted. The call was much shorter than I'd expected it to be and we made an arrangement for him to come over.

When he arrived I was standing in the lounge stark bollock naked facing the door like he'd told me to be. He'd only given me a vague time for his arrival but that nevertheless I should be in position and ready when he did arrive. I felt a bit let down when he told me that I was to stand with my legs spread wide with my hands behind my head, because that's just exactly what I made him do as my sub. But I didn't expect the little bastard to keep me waiting so long! My legs and arms were aching like mad by the time I heard the front door shutting behind him. And as soon as I heard this my cock began to grow stiff - something he'd told me he would consider a punishable offence.

As the door of the lounge opened I bowed my head to the floor. This wasn't part of my instructions, I just did it instinctively. I lifted my eyes just enough to see Duncan's shiny DM's coming through the doorway, then my heart started pounding as I saw another pair following him, then another! I almost began to call the whole thing off, but then realised that I'd given him carte blanche to do whatever he wanted. If this was what he wanted then so be it. For now I was his to do with whatever he wanted - and I must admit this new turn of events was something I hadn't expected nor wanted.

When I was ordered to go down on my knees I saw that the two other

young men, Steve and David, were also my slaves! Each of them had been in my service and experienced my punishments. And here I was, naked, kneeling before them. My humiliation couldn't have been more complete.

Perhaps someday I'll give you a graphic account of what happened in the next couple of hours, but right now I'll only admit to the fact that for the first part of the evening the three slaves made me feel so defunct and worthless that it took every bit of my self control to go through with this scene. In no time at all I was being treated as a totally worthless human being, nothing more than a slave without feelings or dignity, my only reason for being there was to serve their slightest whim. My personal satisfaction counted for nothing. And as I realised this, my admiration for them grew immeasurably. The submissives were actually teaching me the real meaning of servitude! I suddenly realised how much satisfaction I'd been getting by immersing myself totally into my role.

The evening wore on. Licking their highly polished boots as my arse was being thrashed made me ecstatic. I was ordered to perform a variety of sexual acts on them that I'd always thought of as thoroughly repugnant, but their punishments eventually making me enthusiastic to satisfy them.

Eventually, after making me satisfy them both to their deviant climaxes, Steve and David left, hugging and kissing Duncan at the door, completely ignoring me.

Even now I'm too embarrassed to tell you what Duncan put me through before he was eventually finished with me and shot his not inconsiderable amount of man juice. What I will tell you is that I'd woefully underestimated him! Despite his youthful physique and

innocent looks he turned out to be an incredibly hard and demanding top. Perhaps if I'd taken the trouble to ask him in the past he'd have told me that he was once a well respected and well served top guy. He might have told me how he used his considerable experience to convert his energies into being an expert submissive.

Of course he didn't let me cum. I'd always let my subs cum. Instead I was left curled up naked on the floor of my own dungeon, my arsehole burning with pain and my whole body wracked with agony.

His parting words as he frustratingly toyed with my stiff aching cock were to order me not to wank myself off. His parting gesture was to slap me hard across the face.

I heard the front door close, and I was immediately back in my own world. But it was not the same world I'd been in just a few short hours ago. There was now a more extensive horizon reachable ... even more new and exciting possibilities open to me. Since that time I've seen the slaves that used me that night. I've used and abused them as always. But as was agreed, nothing of that evening was ever mentioned again.

That night taught me a whole lot, and I now look at my slaves with a new and more respectful perspective. I've arranged similar occasional role swapping scenes since, and enjoyed every moment.

Perhaps there's a moral here that you might add to your regular tryst 'To be good bottom you've got to be a good top'.

Again thanks for your advice - AND keep up the good work!

Best wishes

Hi Craig

I'm so glad to hear that you've resolved your dilemma at last. Like I've said in my letters to you, and also

many times in reply to the letters that regularly appear in these pages, yours is not an unusual problem. But having said that, I realise how difficult it is to admit to the fact. Admitting to a problem is the first step in resolving it. In my experience a submissive will always respect a top guy who knows what it's like to be on the receiving end! Just like you are now!

Dear Editor

Thanks for a consistently great magazine. I'm glad to see you're putting a few more pictures in these days, I like these a lot. The reason for writing is to tell you about a military style 'slave farm' I used to go to a few years back. Before being allowed to go for a whole weekend the guys were all assessed for their suitability by being sent to established members of the group who ran it. This was a good idea because there's loads of guys who fantasise about long term scenes but who can't handle the reality or need training up before they can. At first I was one of the latter, but the Master I was trained by had enough patience to build me up enough to be allowed to attend.

The rules of the slave farm were pretty simple to understand -

1: The Master's gave the orders and the slaves obeyed.

2: The slaves did all the work.

The slaves would arrive at the camp in the afternoon, several hours before the Master's. This was to give us enough time to perform our first task, to thoroughly prepare the Master's rooms. If you've seen the programs on television about the infamous army glass house then you'll have some idea about the standards that were required at the farm. Everything had to be spotless and neat, everything in it's proper place. Cleaning the Master's boots to the highest standard was a tedious chore which we undertook with relish.

The only difference between the army glass house and the farm was that our punishments were far more severe, so laxity wasn't an option. Like me, most of the slaves I ever encountered at the farm derived a great deal of fulfilment from satisfying and looking after the Master's, and took great pride in this, so punishments for 'lack of attention to detail' were rare, but nevertheless severe.

After this we'd prepare the Master's dining area and then start to get the food ready. For these duties we were all naked and more or less left to our own devices, although occasionally the overseer who'd admitted us to the farm (usually one of the young trainee Master's) would wander around, using his riding crop hard on anyone he thought was slacking. The rest of the weekend would be a combination of a lot of hard work, constant sexual activities, all under the strict control of the Master's which of course meant quite a bit of corporal punishment.

I used to look forward to these weekends at the farm, but suddenly the guys who ran it seemed to disappear and that was the end of it. If any of your readers know of a similar slave farm, or would like to try and help me organise one, could they let me know?

Best wishes

Peter

I've heard stories about the kind of 'slave farm' you mention, but have never managed to locate one. If any readers know of one, or want to get together with Peter to organise something then please write in and we'll pass the letters on. We'll also help with the project in any way we can. I wish you every success.

The Masters Point of View

Further on in this magazine you'll be reading about one of my slave's who's earned himself one hell of a fuckin' hard punishment. He knew right from the start that I don't take no shit from any of my slaves, no matter how fuckin' good lookin' or how good they've kept their bodies. As far as I'm concerned they do what I tell 'em or else they take the fuckin' consequences. I'm gonna let my other slaves fuck the shit out of him before I give him the hard thrashing he deserves.

When I've finished with him he'll be beggin' and pleadin' me for mercy, and the other slave's will be learning a lesson from the way I thrash this son-of-a-bitch to teach him the obedience I demand from the slaves who want to serve me.

He'll be ready to grovel at my fuckin' feet when he feels my whip on his fuckin' pretentious arse cheeks!!

FROM A SLAVE'S CAGE

from an anonymous slave

With some difficulty I've picked up the pencil and have started to write. The only personal request I dared to make is that I might be allowed to remain anonymous. My Master has ordered me to write this so that my time here locked in the cage should not be wasted.

I humbly apologise to readers if the chronology is not exactly as things actually happened, or my composition skills are not up to scratch, but correcting any part of this treatise is not an option that is open to me.

Learning from my mistakes is something the Master actively encourages, punishing even the slightest of my transgressions. And my mind keeps drifting towards the arrangements that have been made for the rest of my punishment that will follow my release from this wretched cage.

Despite everything, My Master is the centre of my life. He gives the orders and I obey. I now obey without question, but that wasn't always the case. In fact I'm writing this tonight because of a minor disobedience. But as I'm supposed to be nearly fully trained as a slave, even a minor disobedience is now enough to earn me a severe punishment.

I've been locked in the cage, and I expect to kept in here for quite a while. Only when my Master considers I've been incarcerated here long enough will he even

consider releasing me. Or if he wants me to serve one of his Master cronies - that fate could prove to be even worse.

I've been trained never to touch my cock and balls without his permission, but I don't think he trusts me about that at the moment. They are firmly secured in one of his fiendish steel and leather chastity devices. Not exactly painful at the moment, but designed to keep me fully aware that they are in impregnable confinement.

My Master has ordered me to write this brief history of our relationship for you. As I'm in bar shackles (my wrists kept apart by a two foot steel bar) this is not an easy task, but he never intended it to be easy. He knows that just writing some of it will give me a hard on, and that this will cause me considerable pain as the chastity device takes full effect on a stiff cock. It's this kind of punishment expertise that adds to my respect for him. My hands hurt like hell!

On release from the cage I'll be whipped - that has already been decreed due to my earlier disobedience. My Master will read these pages, and his opinion will affect the added severity or otherwise of the whipping. I know the ordained whipping will be severe, as my insubordination occurred in front of another Master and his slave. This is just about as bad

as on offence can be, and I fully understand this as it is a slaves sacred duty to show total respect and obedience towards his Master at all times. Of course my dispatching to the cage was immediate and ignominious, my Master literally kicking my arse as soon as I'd realised my error and gone down on the floor to grovel for forgiveness. But forgiveness isn't a word in my Master's vocabulary.

He rightly kicked my backside hard all the way down to the punishment chamber, and added to my ignominy by having the other slave attach the wretched shackles and chastity device I've already described.

Before being put into the chastity device I was stripped naked by the other slave. To be stripped by a novice slave is the ultimate humiliation.

When I was at last stark naked my Master ordered me to hold out my left arm, the palm of my hand facing upward. My hand, like the rest of my naked body, was trembling. I guessed what was coming, and I was frightened. This was something I'd never experienced before, but I'd heard about it from the Master's other slaves.

I was about to undergo a barbaric ritual which was used in schools until just a few years ago. For the modern student such a practise is outlawed and frowned upon by society. But a slave like me has no such social protection. The laws I live by are created by my Master.

I stood in abject trepidation, watching my Master selecting

from a selection of thin swishy canes from the vast array of punishment implements hanging from the wall.

He menacingly cut one then another through the empty air, the reviling sound turning my blood cold.

I hoped that the Master would order the young novice slave from the chamber, but instead he told the youngster where to stand for a better view.

The novice slave stood and watched wide eyed, a thin cruel smile forming on his beautiful young face.

When at last the Master positioned himself to the side of me I thought he was too far away. But of course I was wrong! He gently tapped the end of the cane a few times on the palm of my hand, shuffled himself forward just a little, and my heart sank.

I watched wide eyed and terrified as I saw my Master bring his arm right back and the menacing cane disappear behind his back. Then I forced my eyes tight shut, knowing that the incredible agony that I was about to endure would occur within the next few seconds. And I knew that this would be only the beginning.

Vivid memories of loathsome stories of youngsters having their hands caned for the most minor offences flooded my mind and sent it into turmoil.

This was one of those agonising moments when I was ready to forgo my self imposed slavery and return to my safe and comfortable life.

Then I heard the cane swishing

through the air, and as it finally made contact with my hand the unimaginable ferocity made my whole body contort with pain.

I screamed out uncontrollably, and at the same time heard the young novice slaves sharp intake of breath.

At that instant of abject agony I wanted to go down on the floor and grovel for forgiveness. I was almost ready to give up any ideas of remaining a slave.

But somehow I managed to keep my body in position and my trembling arm outstretched, ready for the next inevitable agonizing onslaught.

Possibly it was the prospect of proving myself as a real slave to my Master - or the idea that I wasn't going to be broken in front of the beautiful young novice slave.

Whatever, I remained in position. The second stroke across my hand was even more painful, and it took every scrap of self control I had left to remain standing as the incredibly hot pain coursed up my arm, seeming to bite into every fibre of my shuddering body.

And once again I heard the sharp intake of breath from the beautiful novice slave, and a vivid picture of his incredible young physique and beauty began to burn itself into my mind. By now I was determined to prove myself no matter what I had to endure.

So far my eyes had been tight shut. I opened them wide, just in time to see the cane hurtling unerringly towards it's trembling target.

Again I screamed as the searing pain spread. Foolishly I clenched and unclenched my fingers, not realising this would only add to the excruciating agony.

I looked across at the novice slave. Even in the dimness of the chamber I could see that his beautiful young face had turned white, and his expression had changed to one of sheer terror! I knew exactly what was going through his mind ... he knew that someday he would be suffering like me. That someday his hands would be blazing with unbelievable pain just like mine was right now.

I was ordered to present the other hand for yet more of the Master's agonizing ministrations, and despite knowing that it was futile I started to beg for mercy. My voice choked pathetically, gurgling out my pitiful appeal. Of course my Master didn't even dignify my pleading with a response, simply grabbing my right arm and jerking it out straight. Then he took my hand and twisted it into position.

I bowed my head to the floor and waited for the inevitable misery. But he made me wait whilst he turned his attention to the beautiful novice slave. The youth was visibly frightened when the Master ordered him to go down on his knees and kneel in front of him. At a single command, the young man's long slender fingers were unbuckling the Master's belt, then his hands clasped together behind his back.

Just like I'd been trained to do. The youth pushed his head hard against the Master's crotch and struggled to pull the zip down using his teeth.

Just like I'd been trained to do. The sight of the Master's huge, thick, juicy cock finally springing free sent waves of jealousy through me.

The novice slave's mouth opened, his trembling sensuous lips parting eagerly as he started to take my Master's massive shaft into his mouth.

I watched with incredible feelings of jealousy and admiration as the beautiful lad paused as soon as the rim of that massive dark red helmet was inside his mouth, knowing that the novice slave was now feverishly using his tongue to lick at the slit.

I knew only too well the taste of the Master's pre cum, and how much he enjoyed making his slave perform this part of the prescribed ritual.

I watched and waited with my heart pounding and my cock growing painfully stiff as the novice slave fevered away, his tongue licking at the huge helmet, knowing that he had to endure this until the Master indicated that the slave was to go further.

I remembered my own training as a trainee cock sucker, and how long it had taken me to accept the full ramifications of the Master's ritual.

I remembered how incredibly painful the punishments had been until I learned to overcome my acute reticence of having

that bulbous quivering mass of flesh penetrating deeply beyond my uvula, forcing me to gag uncontrollably.

I continued to avidly watch the novice working at the Master's cock head, them felt my cock stiffen even more as the Master thrust his pelvis forward. This was the signal to instruct the cock sucking slave to take the whole length of that shaft deep into his throat. The youngster immediately raised himself slightly, lifting his body a little, then steeling himself and plunging his head down onto the full length of the Master's enormous shaft until it completely disappeared into his mouth.

Then the novice slave's body went rigid.

I knew just what he was feeling. The indescribable nausea as the bile began to surround the intrusion, the almost superhuman effort it took to maintain such an ignominious position.

I watched enviously as copious amounts of bile started to flood in spasms from the beautiful lads gagging mouth and he dutifully started to move his head slowly up and down over the enormous shaft.

With each long and slow movement of the pitiful slave's head the flow of bile increased, drenching the Master.

And I knew how much that was pleasing the Master.

Although I knew only too well that I was nothing more than just one of the Master's stable of willing slaves, I still hadn't fully

accepted the idea that he granted the privilege of satisfying his sexual needs to other slaves, and I wished that it was me who was now ignominiously gagging on his cock.

At a command from the Master the the young slave moved his hands from behind his back and started to massage the Master's huge balls, and I was again resentful. Nevertheless I admired the expertise of the young trainee, watching his long slender fingers skilfully working at the massive heavy mounds of manhood.

Like all of us slaves, satisfying the Master in this way was one of the first things we learnt in our initial training. If a novice failed to perform this task to the Master's complete satisfaction after the allotted time, then they were thrown out of his stable of slaves, never to return.

The novice continued his slow tempo as his head moved up and down, the long strokes forcing the shaft deep into his throat then gagging as he struggled to keep the helmet inside his mouth.

But now, without being ordered, he was moving his head from side to side in an effort to increase the Master's pleasure. I guessed what would happen next, but completely unexpectedly for the youth, the Master pulled the slave's head away from his cock and pushed him away, slapping him hard across the face and sending him crashing down onto the hard stone floor, the hapless body

rolling into a dark corner of the chamber. I could just make out the youth's startled face, his bright eyes sparkling with an intense suggestion of fear in them.

And he was right to be frightened!

The trainee should have known better! If the Master wanted a slave to use initiative, then he would have been ordered to. Otherwise a slave obeys orders absolutely and without question! The Master turned his attentions back to me. By this time my arm was aching like mad, and it was all I could do to hold it out. Even worse was the fact that I knew I was about to get this hand caned. My cock had stayed incredibly hard, and I was desperate for sexual relief, but I knew for certain that it would be quite some time before I was to be allowed such a privilege. I tried to shut the desperation from my mind, but it was useless. If anything, the prospect of the pain I was going to endure in the next few moments inexplicably added to the excitement.

I'd been well used to having my backside caned and belted, and pain was just another aspect of my position as a slave.

But somehow this was something completely different. Just standing submissively like this, offering myself for punishment added a new dimension to my humiliation.

By now my left hand was throbbing with pain, a rippling dull ache shooting up my arm. Then, without warning, the cane landed on my right hand. It was

so unexpected that I screamed uncontrollably, my pathetic screams reverberating around the chamber. I almost pulled my arm down, but thankfully managed to retain my self control. I knew that if I dared move from the allotted position then my punishment would be even worse. I'd felt proud that I'd been trained so well.

I risked a sideways glance at the young slave still cowering in the corner, and saw that he hadn't moved at all - a good sign of his training so far. His eyes were still fixed on me, the expression of fear still covering his beautiful young face, but I thought it had intensified.

He knew he was going to be punished.

But he also knew it probably wouldn't be his own Master who going to administer the punishment. His own Master may have gone a bit easier on him as a novice.

No, he knew that it was my Master who he had displeased, and it was probably going to be my Master who would be administering the punishment. And he'd now seen at first hand just how severe such punishments can be!

Looking at the petrified youth excited me strangely, reminding me of my early days as a trainee. My stomach knotted, remembering my own desperate fear of my Master's wrath merging with my incredible longing for the inevitable agony. I was beaten out of this reverie by the second stroke of the cane abruptly landing on my agonised

hand, again making me scream out. The pain now coursing through me brought tears to my eyes. Crying was something I hadn't wanted to do in front of the novice. But of course this was something the Master had wanted. He'd wanted my humiliation, my acceptance of his control, to be absolute.

My Master knew that the severity of the caning was driving me close to breaking. He knew that it was taking every bit of my self control to remain in position for what I prayed would be the final stroke.

When it finally came, I knew that I was right. The pain was so intense that I dared to pull my arm down, grabbing at my wrist and wildly screaming out my declaration of absolute servitude to my Master, my naked body gyrating frantically. But I knew that I couldn't endure any more caning on my hands. I was sobbing uncontrollably, choking on the almost incoherent words as tears streamed down my face.

The Master clicked his fingers and pointed a spot on the floor in front of him, the signal that allowed me to collapse and demonstrate my absolute submission to him by licking feverishly at his boots.

I gratefully acquiesced, needing more than anything to prove to my Master that I couldn't take any more of this punishment.

I tried to hold the boots in my hands as I hungrily licked at the leather, but the pain was too intense and winced noisily.

As I laboured on my knees the

Master ordered the young novice to crawl across the room. I watched eagerly as the youth positioned himself on all fours, then crawl with his head bowed towards the stone floor.

As he got closer I could see that his whole body was trembling, and his obvious fear excited me. When at last he reached the Master's feet he was ordered to stand. This was when I saw the expression on his face that testified as to just how terrified he'd become whilst watching my caning.

As soon as he was standing the Master began to fondle the youth's bulging crotch. As was usual for a novice slave, he was wearing skin tight white cotton shorts which left nothing to the imagination.

For a second I stopped my boot licking duties and stared in awe at the incredible size of the youngsters cock and balls stretching the thin fabric. A large dark patch had developed on the thin cotton covering the cock head, and the lad was moaning softly as the Master continued to torment him.

I knew exactly how the wretched youngster was feeling. I'd had to endure this kind of wickedly exasperating attention. If I was serving at a group session I'd often be ordered to move from Master to Master for more of the same until I was close to shooting my load.

I'd be moaning dementedly, desperately aching for relief. But the Master always knew when to stop. He'd keep my frustration at boiling point then make me wait.

If I was nearing the end of a duty period, or if I was particularly lucky, he'd order me to stand before him and wank myself off while he watched. I'd be ordered to slow down or speed up, to pull hard at my bollocks, to push a finger into my backside - everything I did was always under the command of my Master.

When at last I reached the point of no return I'd be pumping away at my dick, completely oblivious of what was going on around me. It was at this point that I'd scream out, begging for my arse to be belted. My Master would usually be only to willing to thrash me as my cum finally spurted from my quivering cock and I'd drop to the floor absolutely exhausted.

My mouth went back to the Master's boots, hoping that I'd see the novice going through this ritual.

But the Master had other ideas. He ordered me to stop licking and sit back on my haunches. He moved the novice to stand right in front of me, then ordered the youngster to take off his shorts.

The novice responded immediately, struggling slightly as he attempted to pull the skimpy garment down. He had some difficulty in pulling the elastic waistband over the bulk of his massive stiff dick, but eventually he managed, and there was the most incredible mass of young manhood standing rigidly to attention right in front of my face!

My mouth began to salivate as I

focused on the slit of the bulbous dark red helmet protruding through the long foreskin. Thick blue veins stood out in stark contrast against the soft youthful flesh, running along the incredible length of his stiff cock.

I hoped I'd be allowed to taste that wonderful mass of young manhood, but instead I choked in horror as the Master gave me the order to wank him off!

Gingerly I put my hand around the thick shaft, and cringed as I tightened my grip. The pain in my hand turned into an agonising burning sensation.

More agony was combined as I used my other hand on the soft mounds of his huge bollocks.

But I knew that I'd have to endure this suffering.

I paced myself to the Master's commands, becoming more and more excited as the young flesh under my fingers trembled and quivered.

Each time the novices body started to shudder then stiffen as his sex juices began to boil I'd be ordered to stop.

The lad would moan loudly, begging pathetically for relief, his beautiful young face contorted with craving.

How often this happened or for how long I was forced to wank that beautiful young dick I have no idea.

Finally the Master relented, and ordered me to wank the novice slaves spunk into my mouth.

I heard the familiar sound of the Master's belt on the youngster's arse cheeks, and the slave became frenzied, his entire body

convulsing.

All the while his body remained shuddering, screaming out dementedly.

When at last he came, copious globules of his hot man juice shot from his pulsating cock slit into my eagerly open mouth, crashing into the back of my throat.

Some of the hot cum dripped down inside me, some of it remaining in my mouth forming a pool.

It was all I could do to stop myself from closing my lips over that wonderful cock and sucking out every last drop.

But I knew that if I did this then the result wouldn't be worth thinking about.

I was in enough trouble already, so I dutifully kept my mouth open until the last remaining drops trickled from the throbbing cock slit.

When the Master finally ordered me to take my hands away from the young slave's cock and balls I gasped with the relief.

My hands ablaze with pain, it felt like they were on fire!

I looked at the novice's beautiful bubble butt arse cheeks as the Master led him to a far corner of the chamber and began to give him further orders.

Then the Master left the chamber and I heard the door being locked.

The cheeks of my arse were already badly bruised from my Master's earlier kicking, and my hands were throbbing from the caning, but the pain of this is nothing to what I'll have to endure later.

This other young slave is not yet fully trained, and as a novice has no concept of the remarkable camaraderie that us real, fully trained slaves, understand.

The young novice slave made no pretence about the sheer enjoyment he was deriving by causing me so much unnecessary agony. What he didn't understand was that the appeal of his incredible good looks and fine young physique was lost on me. He didn't understand that this attraction was restricted to a Master.

And that causing pain or suffering to another slave was the exclusive prerogative of a Master - unless the slave was inflicting it under the direct order of a Master.

The Master's had left the novice slave alone with me, and my own Master had given him explicit instructions of what to do with me. But he hadn't put any time restraints on this, so I expect the Master's knew exactly what was going to happen. This was all part of the training process that all novice slave's have to pass through. The foolish twilight period where untrained slave's still have some personal desires and needs that they think have to be fulfilled. Although I knew that the novice slave was going to take full advantage of his time with me, and that I was duty bound to obey him, I derived some small degree of pleasure from knowing that he would eventually suffer - as I had done in the past - an incredibly harsh penalty for his actions.

The youth was obviously

besotted with me, and despite my extensive and prolonged slave training, I felt minute pangs of reciprocation. No matter how hard I tried I couldn't help feeling flattered that this incredibly beautiful young adonis found me attractive.

He ordered me to stand this way then that, to turn around, to spread my legs until it was painful, to put my hands behind my neck, to bend down, to pull the cheeks of my arse apart so that he had a full view of my hole. He'd took hold of my cock with one hand, squeezing my bollocks hard with his other hand until I doubled up in pain. I'd already been trained enough to accept all this and more, but this was another thing he hadn't realised yet.

All the while he was doing these things to me I was appraising him.

Without doubt he was incredibly beautiful. His big brown eyes and heavy eyelashes captivated me. The sensuous thick lips were meant for nothing more than deep throated kissing, and the natural perfection of his youthful physique invited nothing less than a wanton physical response.

He was considerably younger than me, perhaps by even four or five years. At this time of my life even such a small difference in age seemed so much more important.

His closely cropped skinhead hair was, I guessed, naturally blonde. I surmised this from the fact that the short stubble that remained surrounding his cock

and balls was also blonde. There was even a trace of blonde hair on his chest!

I was somewhat taken aback that his Master had allowed even this small amount of hair to remain on his prospective slave. Even in the earliest stages of my slave training I'd never have allowed myself to appear for duty to my Master without my body being shaved completely smooth.

Then it occurred to me that the novice slave was only at the stage where he wanted to know complete obedience.

I had now reached the stage where I needed to know complete obedience.

The supposedly small difference was in fact a gigantic chasm that only a real slave could comprehend, the difference between natural desire and sexual lust that only a real Master could resolve.

After ordering me to stand with my legs wide apart and my hands behind my head, the novice slave knelt down in front of me and eagerly sucked the entire length of my limp cock into his mouth, swallowing hard and using every fragment of his turbulent tongue to explore every intricate facet of my shaft. His hands worked frantically at my bollocks, his flustered fingers finally finding themselves pushing deep into my arsehole in a futile attempt to arouse me.

But I'd been well trained not to rise to the occasion.

I felt extremely proud that my Master had taken me beyond the

temptations of the incredible virility and attraction of the beautiful novice slaves tempting attentions.

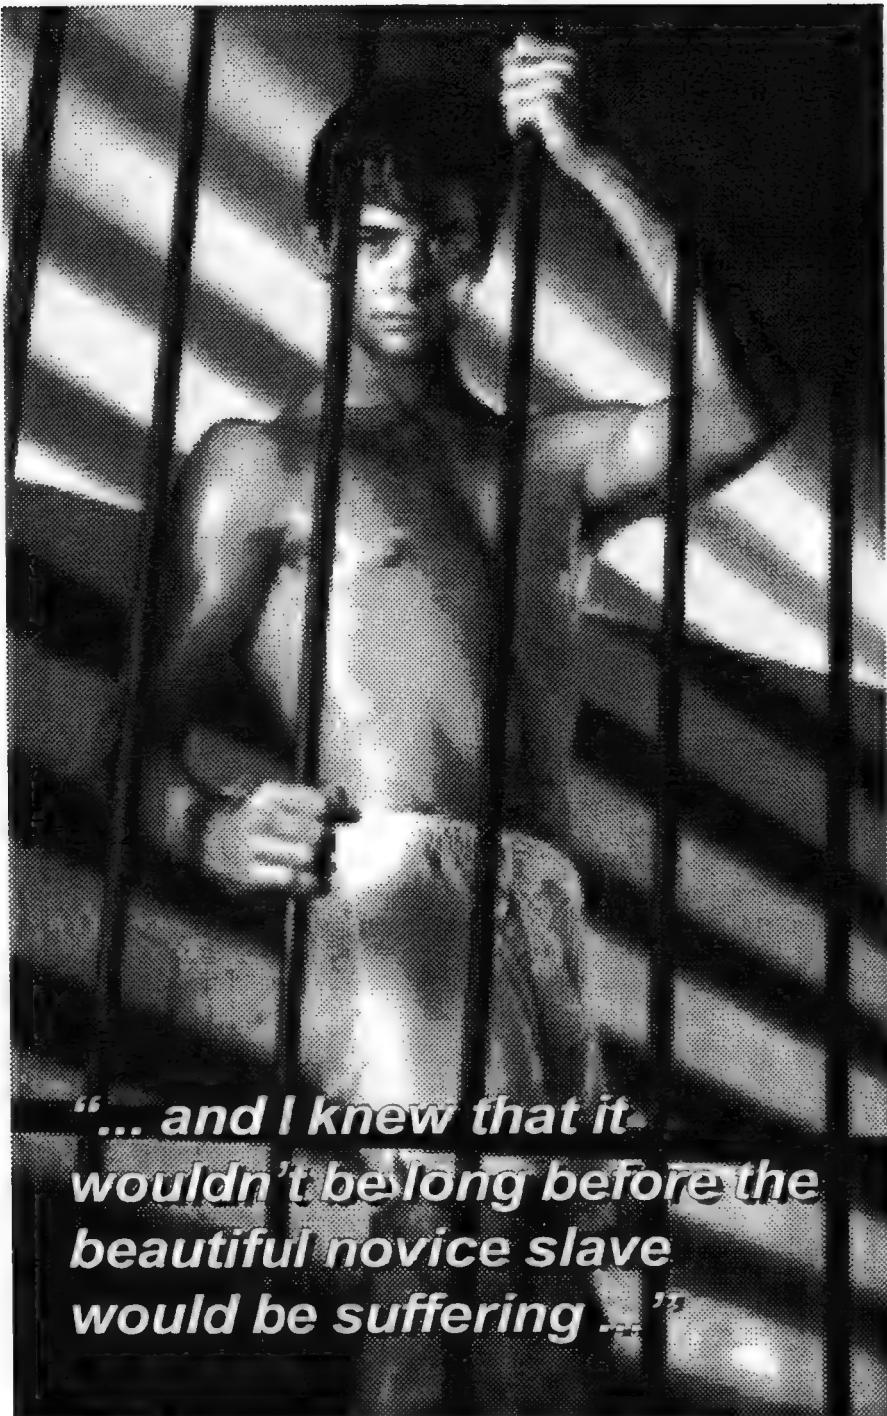

When he finally realised that his attempts at arousing me for his own sexual pleasure were futile, the novice slave tried to have his revenge. He put me into the chastity device making the operation as painful and uncomfortable as possible. A small smile appeared on his face whenever I winced in agony as the steel rings encased my cock and balls and the padlocks were snapped shut.

And it was then that I knew that he'd not yet had to endure anything like the horrendous ordeal I'd just been through. He was obeying orders just like me, when I was a novice slave. He'd been trained to administer such extreme treatments simply to save the Master's the bother of doing it themselves.

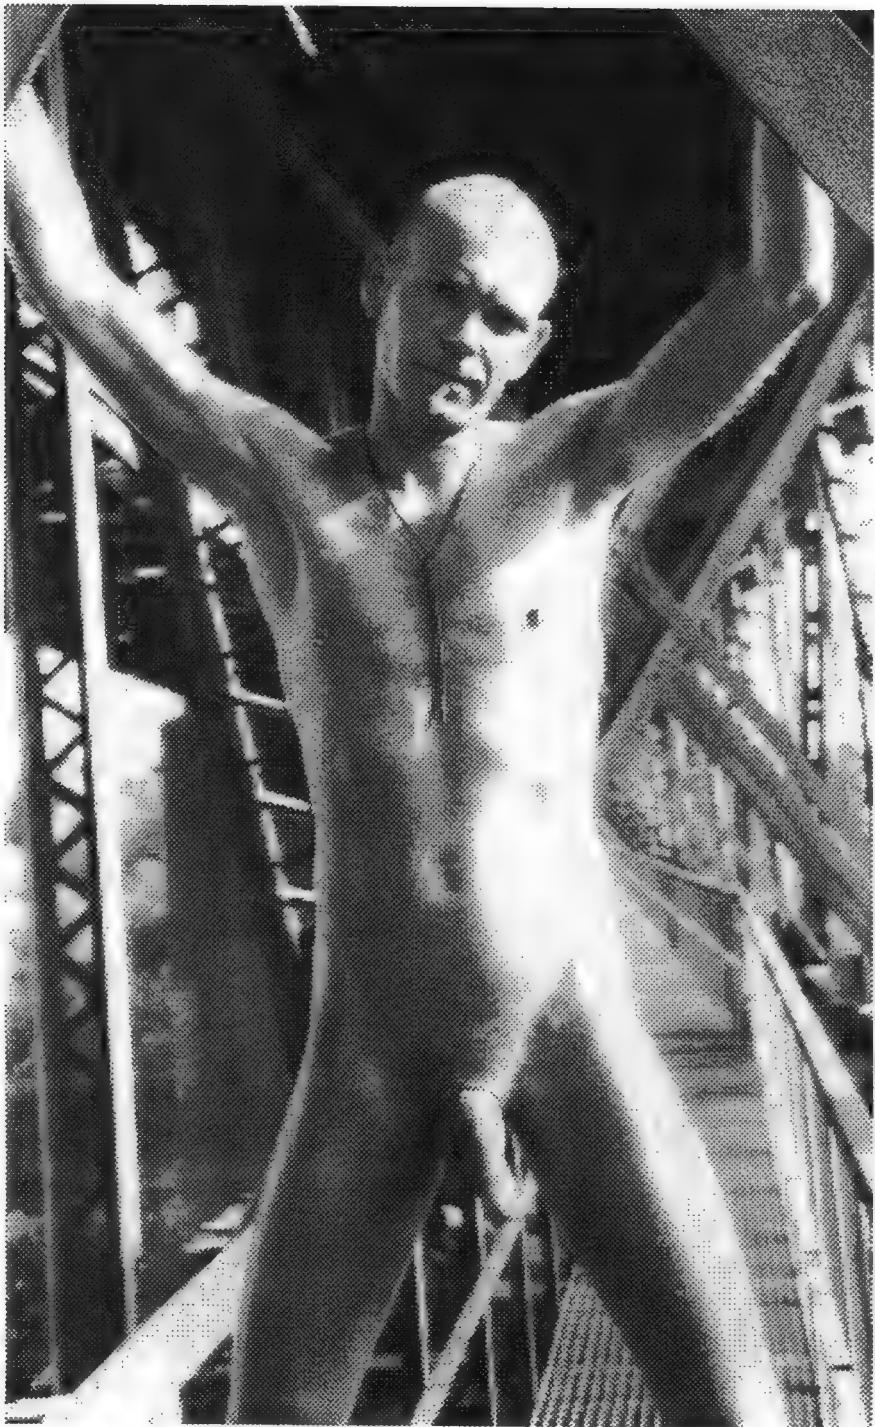

But the beautiful young novice could had no idea of the dreadful consequences of his actions.

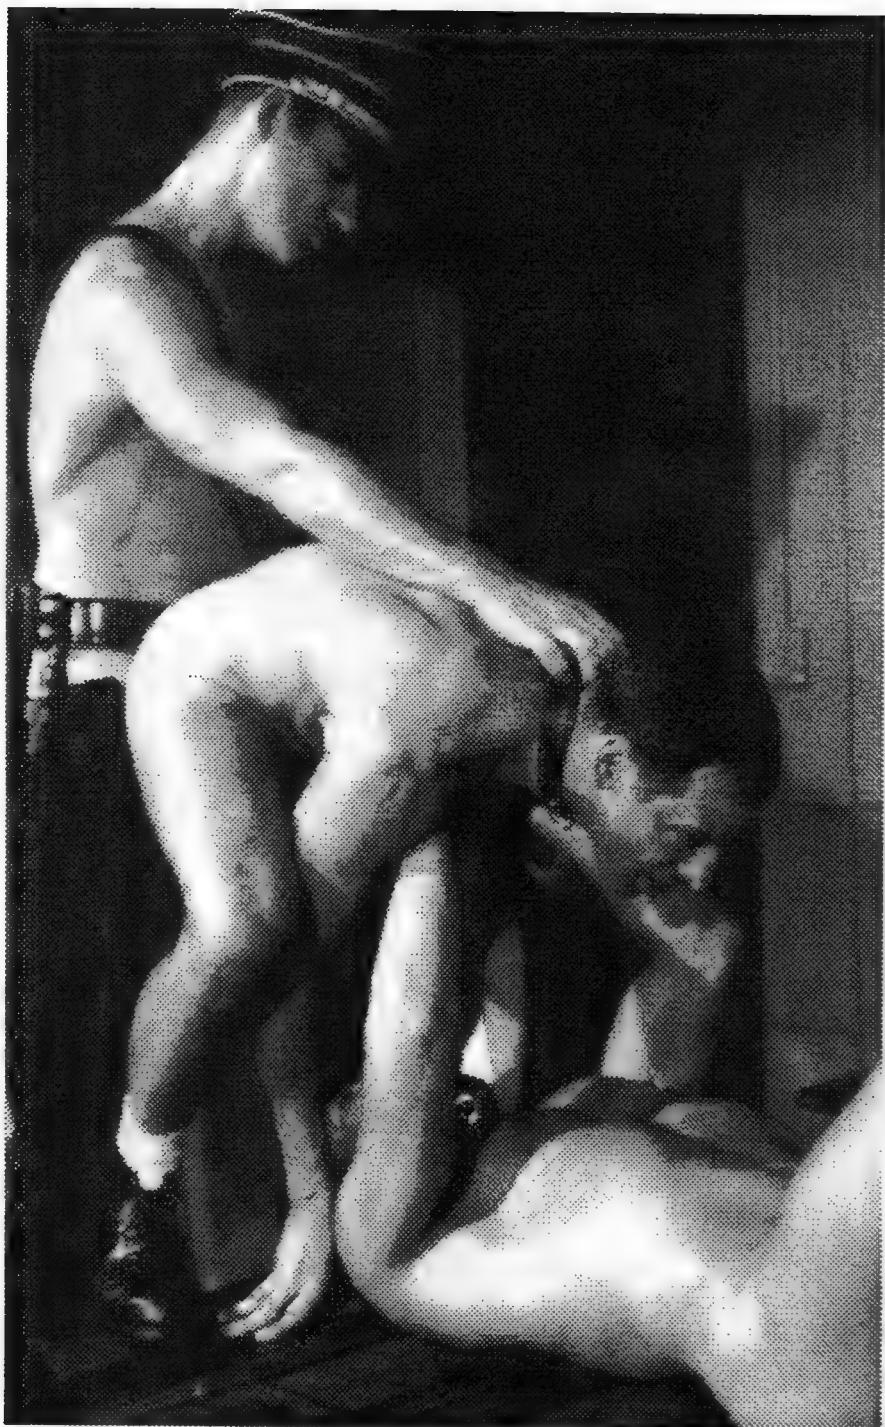

He'd simply been taught that putting on the slave's required attire, simply learning what went where was to be carried out without question, no matter how agonizing it was for the recipient, and that the hapless slave was duty bound to endure it.

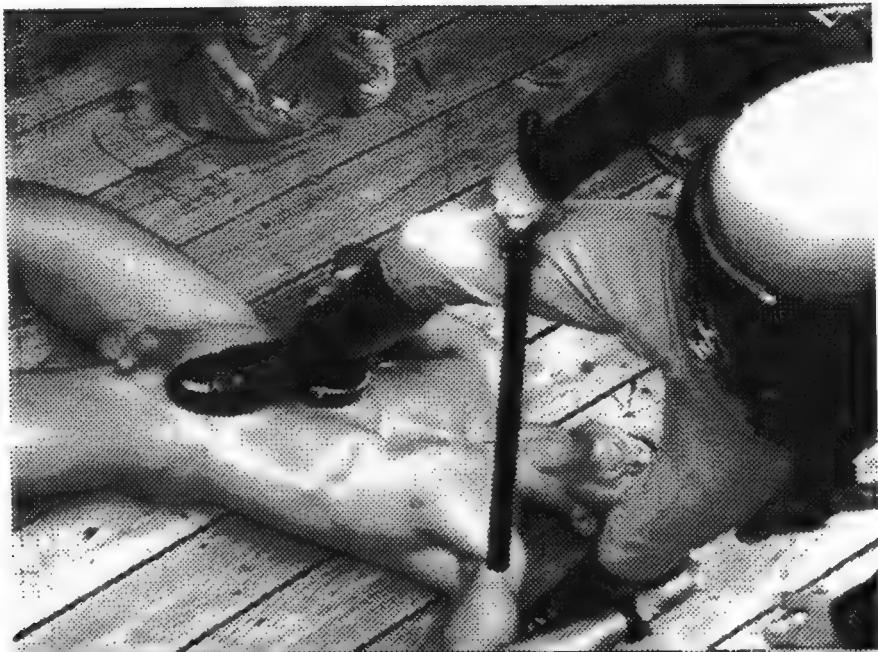

And that one simple fact immediately lightened my heart. The beautiful novice slave's innocent attitude assured me that it wouldn't be too long before he was suffering the same terrible anguish that I was suffering right now.

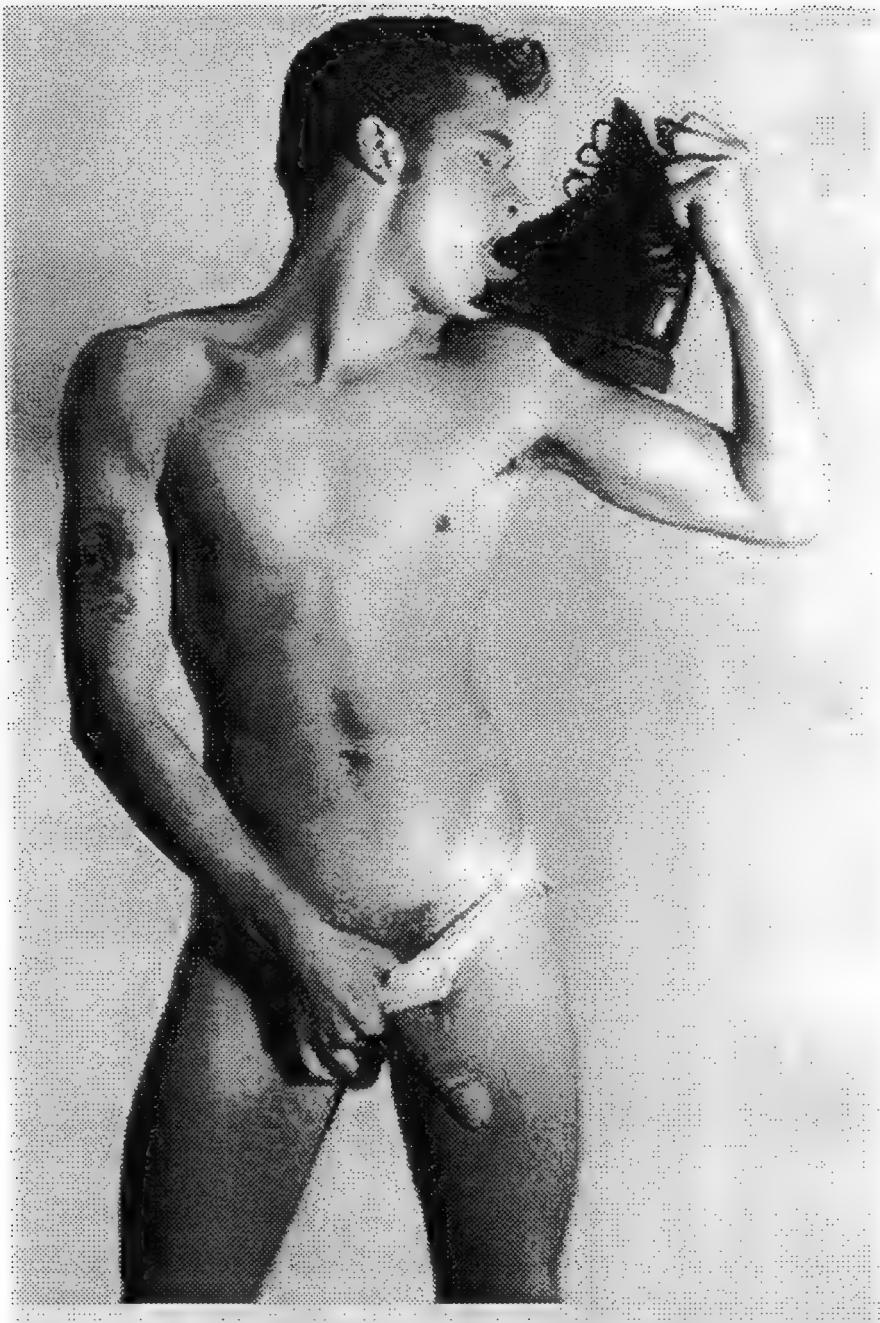

*“... and I knew that it
wouldn’t be long before the
beautiful novice slave
would be suffering ...”*

MORE THOUGHTS OF A WAITING SLAVE

The softness of the black leather clinging to my flesh is making me feel more excited. My stiff dick is already straining painfully against the pouch, and my bollocks are full to overflowing.

But I know that the leather will not protect me from the severe punishment that my Master will soon be administering to my flesh.

He will allow his other slaves to make full use of my body first, though.

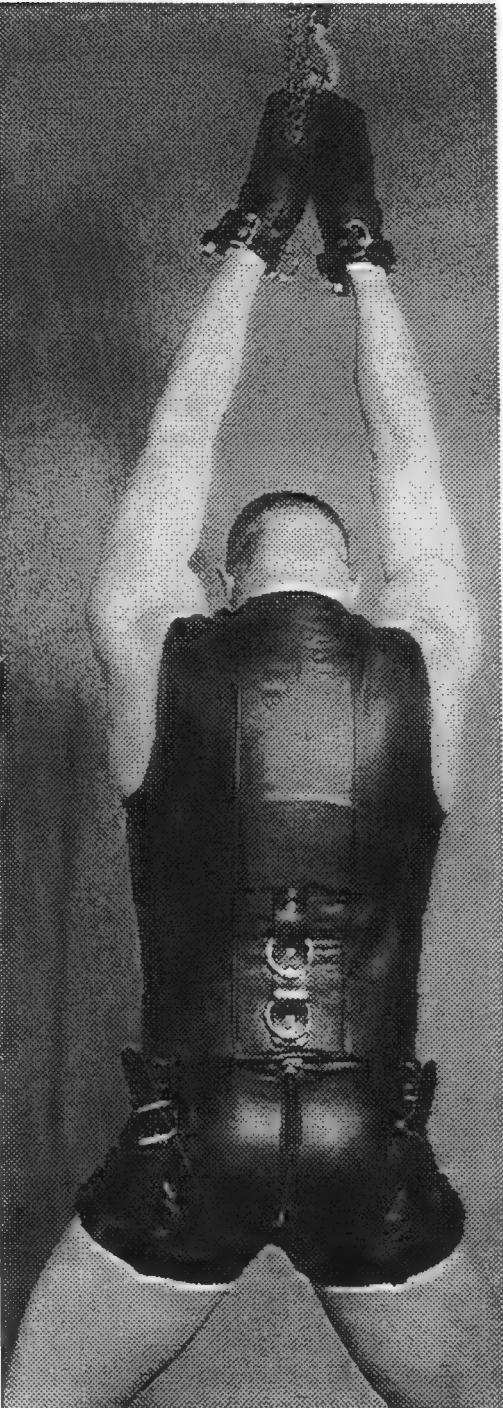

The zip in the back of my pants will be their only access for their pleasure. And I know they will make full use of this rare opportunity that he has allowed them.

When they have made full use of me they will be allowed to remain and watch as the Master removes the leather. I'm frightened now, knowing that the Master will whip me as a lesson for me and as a deterrent for the onlookers.

I have determined that this time I won't scream. I won't humiliate myself by begging and pleading like the last time.

But I know that I'm only fooling myself.

This is what the Master wants ... and he'll get it!

GET SIX OF THE BEST ... FROM THE STORYTELLER! 'THE STORYTELLER'S ANTHOLOGY'

Six of The Storyteller's hottest stories bound together in oneizzling volume!

SCHOOLDAYS - PAINFUL REMINDERS

This story follows the progress of a young lad through public school - his initiation by the older boys - his visits to the games-master for a slippering and to the head for his canings - his relationship as a fag to the 'head' boy. In this story he's really made to work for his 'O' and 'A' levels!

BORSTAL BASTARDS

This story reveals the vicious and sadistic treatment dealt to a young offender in one of the countries most despised institutions. To help support his destitute family the main character turns to crime, gets caught and is sent to an institution to receive his 'short-sharp-shock' treatment. Being young and attractive is soon 'befriended' by the Borstal's head boy and eventually raped.

INCEST BY COMMAND

This story deals with enforced incestuous behaviour - CP - bondage and humiliation. Two brothers are blackmailed into becoming servants (slaves??) to an older man. They endure thrashings, and are trained to perform all the duties demanded and forced upon them - to obey even when it means total humiliation by performing degrading sexual acts.

BOUNDED TO PLEASE

This story deals with many forms of bondage, imprisonment and servitude. Captured by a gang of young vigilantes the main character is subjected to imprisonment and harsh interrogation. He is made to endure long periods of bondage secured with ropes, chains, and various other devices. The 'leader' is determined to break his young captive in front of the gang - no matter what it takes!

INFANTILE BEHAVIOUR

This story demeans a man's 'normal' relationships and behaviour. Because he is so weak-willed the main character is easily dominated and finds himself forced to behave and be dressed as a baby. To wear nappies, suck on a dummy, wet his pants etc.

TOTAL SLAVERY

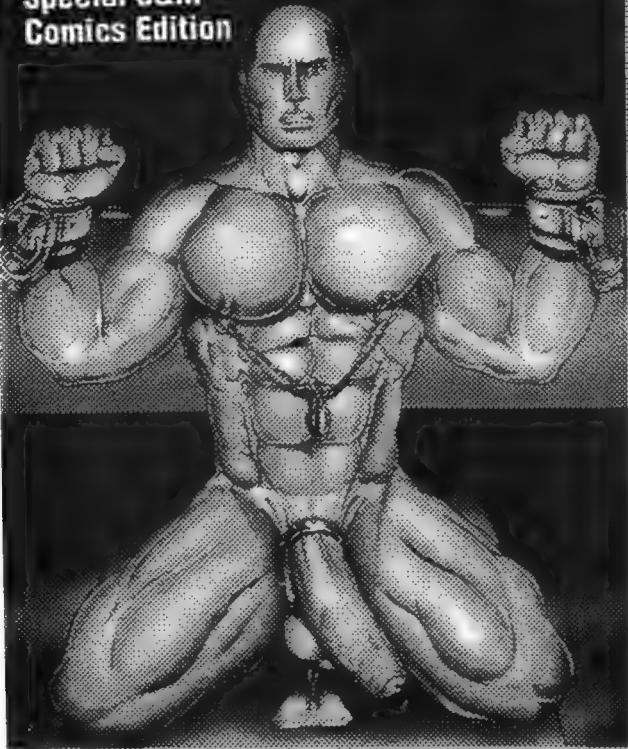

This story involves considerable leather, bondage, corporal punishment as well as yellow and brown action, deprivation and humiliation. For quite a while this 'slave' has been enjoying scenes where he knows he is always in control, but is constantly and frustratingly aware that he needs the 'real thing'. In this story he gets to experience total and complete slavery from a leather clad Master whilst imprisoned and chained in a well equipped dungeon.
